

Student User Agreement

April 2020

I understand and will abide by the procedures and Acceptable Use Agreement for electronic resources of Lumin Education.

Acceptable Use Guidelines

I will:

- Use school technologies for school-related activities.
- Follow the same guidelines for respectful, responsible behavior online that I am expected to follow offline.
- Treat school resources carefully, and alert staff if there is any problem with their operation.
- Alert a teacher or parent if I see threatening, inappropriate, or harmful content (images, messages, posts) online.
- Recognize that use of school technologies is a privilege and treat it as such.
- Be cautious to protect the safety of myself and others.
- Help to protect the security of school resources.

Unacceptable Use Guidelines

I will not:

- Use school technologies in a way that could be personally or physically harmful.
- Attempt to find inappropriate images or content.
- Engage in cyberbullying, harassment, or disrespectful conduct toward others.
- Try to find ways to circumvent the school's safety measures and filtering tools.
- Use school technologies to send spam or chain mail.
- Post personally-identifying information, about myself or others.
- Use language online that would be unacceptable in the classroom.
- Use school technologies for illegal activities or to pursue information on such activities.
- Attempt to hack or access sites, servers, or content that isn't intended for my use.

I further understand that any violation of the regulations above is unethical and should I commit any violation, my access privileges may be revoked, school disciplinary and/or appropriate legal action may be taken.

In consideration for the privilege of using Lumin Education's electronic resources and in consideration for having access to the information contained on it, I hereby release and agree to indemnify and hold harmless Lumin Education from any and all claims or damages of any nature arising from my access, use, or inability to access or use the computers or network system.
