## AFFORDING LUMIN EDUCATION: INDEXED TUITION

### TUITION IS NO LONGER A ONE-SIZE-FITS ALL MODEL

Thank you for your interest in Lumin Education and our Indexed Tuition program.

Our desire is that families who are committed to the philosophy and values of Lumin Education are able to partner with us to provide their children with an excellent Montessori private school education. We understand that there is great diversity in families' incomes and size. Our Indexed Tuition program recognizes these differences and provides a range of tuition so that we charge the rates that are right for our families. Lumin is committed to enrolling children from diverse backgrounds. In order to do that, we offer a personalized approach to tuition through our Indexed Tuition program. Under this program, student tuition for children in PK3 through 3<sup>rd</sup> grade is set based on your family's income and size. Indexed Tuition is not available for the Toddler program at this time.

### IMPORTANT THINGS TO KNOW

- Each income range has a specified number of enrollment slots, so please submit your applications for admission, Indexed Tuition, and supporting documents early.
- Current families have priority for enrollment and Indexed Tuition slots.
- If there is no longer an enrollment slot available in your family's Indexed Tuition group, your child will be added to our wait list.
- Final determination of your tuition will be made by Lumin based on your family's Indexed Tuition Rate application and supporting documentation.

### HOW IS MY TUITION CALCULATED?

ANNUAL INCOME

ASSETS AND DEBTS

FAMILY SIZE

Start Young. Involve Parents.

Please see Lumin’s Indexed Tuition rates below. On the row that matches your family size, find the lowest number that is more than your family income. (Family income is calculated using gross income from all household members.) Your family’s Indexed Tuition rate for each child is at the bottom of the column. This table illustrates what you can anticipate paying based on the results of your Indexed Tuition Application and availability of an enrollment slot in your family’s Indexed Tuition group.

## TUITION INDEX FOR 2023-24 FOR PREK3 THROUGH 3<sup>RD</sup> GRADE ONLY
