

Start Young. Involve Parents.

March 23, 2023

Dear Lumin Parents and Families,

As you may remember, in January of 2022, we notified you that Lumin would be voluntarily returning our charter to the Texas Education Agency effective at the end of the 2022-2023 school year. This letter is being sent to you at TEA's request to make sure you have all the information you need moving forward. For those families who are returning in 2023-24 to our private school, some of this information will not be relevant.

Our last day of instruction as a Charter School for the 2022-2023 school year is June 1, 2023. This is an early release day for students at both Lumin East Dallas and Lumin Lindsley Park Community Schools.

- You can request your student's records from your Lumin home campus up to June 23, 2023.
- After August 31, 2023, you may obtain your child's Lumin student records by contacting the Education Service Center Region 13 using this link:  
<https://esc13.net/charter-schools>
- Some students are eligible for summer school based on English language proficiency; this information was shared in a letter sent home to our emergent bilingual students in January. Also, some special education students are eligible for extended year services; this information was shared in individual ARD meetings over the past few months. The summer school session for eligible emergent bilingual and/or special education students begins on June 7 and ends on June 30, 2023.
- Attached, you will find a list of nearby school districts and charter schools that we shared last fall. Also, you will be provided a list of school districts and charter schools from the Texas Education Agency.

It has been an honor and a joy to work with you and your children at Lumin Education, and we wish you the best moving forward. We wish the best to our families who are moving on and look forward to seeing those of you who are enrolled in our private school in 2023-24.

Sincerely,

Jodi Campbell  
Chief Operating Officer
